BARNES COMPTON,

From 10th February, 1874, to 3d March, 1885.

JOHN S. GITTINGS,

From 3d March, 1885, to 10th February, 1886.

STEVENSON ARCHER,

From 10th February, 1886, to 15th April, 1890.

EDWIN H. BROWN,

From 17th April, 1890, to 16th February, 1792.

SPENCER C. JONES,

From 16th February, 1892.

✧ REPORT ✧

—OF THE—

Comptroller of the Treasury

—OF THE—

STATE OF MARYLAND.

TREASURY DEPARTMENT, COMPTROLLER'S OFFICE,

ANNAPOLIS, January 7th, 1896.

To the Honorable the General Assembly of Maryland :

In obedience to the constitution and laws of the State, I respectfully submit the following report of the financial condition of the Treasury Department at the close of the fiscal year ended September 30th, 1895 :

RECEIPTS.

The total receipts from all sources during the fiscal year amounted to \$2,609,244.09, as given in detail in Statement "A," in the first appendix of this report, which, added to the balance in the Treasury at the end of the fiscal year 1894, viz : \$550,074.47, makes the total amount in the Treasury during the fiscal year 1895 to be \$3,159,318.56.

The aggregate amount in the Treasury for the fiscal year ended September 30th, 1895, exceeded that for the fiscal year 1894 by the sum of \$3,140.42, and the receipts of revenue for the fiscal year 1895 exceeded the estimates by the sum of \$90,684.19.

DISBURSEMENTS.

The total disbursements during the fiscal year 1895 amounted in the aggregate to the sum of \$2,454,750.37. This is less than the sum of disbursements for the fiscal year ended September 30, 1894, by \$170 329.41.

There remained in the Treasury at the close of the fiscal year ended September 30th, 1895, the sum of \$704,568.19. Statement "B" shows in detail the various purposes for which these disbursements were made and the Acts of Assembly authorizing the same.

ESTIMATES.

The probable receipts into the Treasury during the fiscal year ended September 30th, 1896, as estimated in Statement "C," will be \$2,545,359.90, which if realized and added to the balance in the Treasury at the close of the last fiscal year, would make the total amount in the Treasury for the current fiscal year, applicable to ordinary purposes, the sum of \$3,249,928.09.

The estimated disbursements during the same period are \$2,569,222.86, as shown in Statement "D," which, deducted from the estimated receipts, will leave a balance, after paying the ordinary expenses of the Legislature, of \$680,705.23.

FREE SCHOOL AND SINKING FUNDS.

The condition of the Free School and Sinking Funds at the close of the fiscal year is shown in detail in Statement "E."

The amount remaining to the credit of the Free School Fund at the close of the fiscal year 1894 was \$5,843.50. The receipts during the last fiscal year on account of the same fund were \$73,300.65, making an aggregate of \$79,144.15. The disbursements from this fund for the same period amounted to \$77,144.15, leaving a balance to the credit of said fund, as of the 30th of September, 1895, of \$2,000.00.

The receipts on account of the several Sinking Funds during the fiscal year were as follows :

General Sinking Funds.....	\$ 24,216 70
Sinking Fund for Defence Redemption Loan.....	346,200 17
Sinking Fund for the Exchange Loan 1889.....	6,641 38
Sinking Fund for the Exchange Loan 1886.....	10,115 00
	<u>\$387,173 25</u>

The total sum of \$387,173.25 was invested on account of said Sinking Funds. Statement "E" will show in detail the receipts and disbursements on account of the Free School and Sinking Funds, and Statement "F" will show the sundry investments for the Sinking Funds therein mentioned.

An examination of the last four reports of the Comptroller will show that there has been received for the Sinking Funds the following amounts :

For the year 1892.....	\$ 516,952 17
" " " 1893.....	408,248 85
" " " 1894.....	348,127 92
" " " 1895.....	387,173 25
	<u>\$1,660,502 19</u>
Since September 30, 1895.....	25,000 00
	<u>\$1,685,502 19</u>

Every dollar of said sum has been invested for the Sinking Funds.

You must find it apparent from the foregoing statements that the finances of the State are in a sound, healthful and flourishing condition, and the full compliance of the requirements of the Constitution and laws of this State for the ultimate extinction of the principal of the public debt is meeting the most sanguine expectations of the people of the State, and confirms the belief that the day is not remote when the bonded obligations of the State will be wholly discharged, and the property of her citizens liberated from the burden of taxation for the maintenance of any sinking fund.

OYSTER FUND.

Statement "H" shows the receipts and disbursements on account of the Oyster Fund for the fiscal year 1895.

The receipts were \$64,994.09, being greater than the receipts for the previous fiscal year by \$20,345.40. The dis-

bursements for the same period were \$61,410.42, leaving a balance to the credit of said fund at the close of the fiscal year 1895 of \$3,583.67.

Included in the disbursements for the fiscal year 1895 is \$4,306.99 balance due on previous fiscal year; amount paid Oyster Inspectors, \$4,885.03; one-half amount paid for painting numbers, \$465.25; and for building new bugeye, \$800.00; aggregating \$10,457.27, when deducted from the disbursements as shown in said statement, will leave the sum of \$50,953.15, as the actual disbursements on account of maintenance of the Oyster Police Fishery Force for the past fiscal year; and instead of the apparent balance of \$3,583.67, the balance should have been, after the above deductions of amounts brought over from the previous fiscal year are considered, \$14,040.94.

In the report of the Comptroller to His Excellency the Governor for the fiscal year 1894, in explanation of the deficit then shown in the Oyster Fund, I said: "It must be remembered that the receipts and disbursements as above set forth were mainly under the operations of the (oyster) law as it existed prior to the Act of 1894. The salient features of the latter Act were provisions for increased revenue and decreased expenditures, and I feel assured that when the present law is in full operation the expectations of its framers and friends will be fully realized."

This report shows the receipts to have increased \$20,345.40, and the disbursements to have decreased \$14,040.94 as compared with the receipts and disbursements for the fiscal year 1894.

The provisions of the present law, and the protection afforded, seems to be entirely satisfactory to the large numbers now engaged in this industry, and those interested would deprecate any radical change.

PRODUCTIVE AND UNPRODUCTIVE ASSETS.

The productive assets of the State as shown in Statement "I" are \$3,600,482.69 which includes the Stocks and Bonds held by the State, together with mortgages of the Northern Central Railway Company and amounts due from Incorporated Institutions, Collectors of Taxes and other Officers of the State. The amount due the State from Corporations, Collectors and others, is \$684,812.69, all of which that is more than

twelve months over due has been placed in the hands of Attorneys for collection.

The unproductive assets of the State amount to \$8,099.-626.99.

STATE DEBT.

The Total Funded Debt of the State as shown in detail in Statement "J." was at the close of the fiscal year 1895, \$8,684,986.24. The productive assets of the State and the investments to the credit of the Sinking Funds aggregate the sum of \$5,679,733.11, when deducted from the gross debt will show a balance of \$3,005,253.13, as the net debt of the State. In the above statement no allowance is made for the amounts over due from Incorporated Institutions, Collectors of Taxes and other accounting officers, aggregating \$684,812.69, more than ninety-five per centum of which is collectable, nor for the difference between par value and the market value of the State assets, all of which, with a single exception, would command large premiums in any market. And in any estimate if they were treated at the market value, the net debt of the State would be practically extinguished.

ASSESSMENT OF REAL AND PERSONAL PROPERTY.

Statement "K" shows the assessment of real and personal property in the several Counties and City of Baltimore for the fiscal year 1895. The aggregate of which is \$534,930,476.00, being greater by \$5,792,393.00, than that of 1894.

For a period of seven years there has been a gradual increase in the assessable basis of the State.

1889.....	\$ 477,398,380 00
1890.....	482,184,824 00
1891.....	510,003,077 00
1892.....	515,137,528 00
1893.....	524,056,241 00
1894.....	529,138,103 00
1895.....	534,930,476 00

The levy for State taxes for 1895 on the real and personal property at $17\frac{3}{4}$ cents on each \$100, amounted to \$949,501.59.

PUBLIC SCHOOL TAX.

Statement "L" shows in detail the levy and receipts on account of the Public School Tax. The levy for the fiscal year 1895 amounted in the aggregate to \$561,677.00, which, of course will be decreased when the abatements in the form

of insolvencies, erroneous assessments, etc., are allowed. The receipts for the fiscal year 1895 amounted to \$608,629.74, being less than for the previous year by \$7,899.38.

The disbursements of the School Tax for the fiscal year amounted to \$601,088.04, being \$783.47 in excess of the previous year.

LICENSES, &c.

Tables Nos. 1 to 12 both inclusive show the various receipts into the Treasury from all sources during the fiscal year 1895.

The receipts from Clerks of Court and other officers as shown in Table No. 1, amounted to \$896,100.83, being less by \$2,342.23, than for the previous year.

From Registers of Wills there was received as shown in Table No. 2, the sum of \$143,599.82, being \$23,875.84, greater than the amount received from same source the previous fiscal year.

From Collectors of State Tax in the several Counties and City of Baltimore, there was received \$908,411.18, being greater than for the previous year by \$33,252.29, as will appear in Table No. 3. From Railroads and other Corporations there was received as a tax on their gross receipts during the fiscal year 1895 as shown in Table No. 5, the sum of 131,788.71, being less by \$4,471.59, than was received the previous year.

Table No. 6 shows the receipts from the tax on the shares of the Capital Stock of Incorporated Institutions for the fiscal year 1895 to be \$77,495.30, being less than the previous year by \$8,720.58.

STATE TOBACCO INSPECTIONS.

Table No. 7 shows in detail the receipts and disbursements on account of the State Tobacco Warehouses for the fiscal year 1895.

Gross Receipts.....	\$ 68,694 03
Disbursements for Salary, &c.....	63,117 44
Net earnings during the fiscal year.....	5,576 59
Balance due September 30, 1894.....	2,694 20
	8,270 79
Amount paid into State Treasury.....	\$ 6,586 03
Balance September 30, 1895.....	1,684 76
	8,270 79

This balance of \$1,684.76 has been paid into the Treasury since September 30, 1895.

Table No. 11 shows the receipts from licenses and from tax upon premiums paid by Insurance Companies during the fiscal year 1895, as returned by the Insurance Commissioner and paid into the Treasury, amounting to \$124,401.48, being an increase of 3,398.58, over the receipts from same source for the preceding fiscal year.

Table No. 12 show the receipts from the franchise tax upon deposits in Savings Banks and Institutions, amounting to \$26,576.48, an increase of \$1,001.50 over the receipts of the fiscal year 1894.

Tables Nos. 13 to 17, both inclusive, shows the amounts due the State, exclusive of interest from the various accounting officers of the State, remaining uncollected in their hands, as well as amounts due from Railroads and other Incorporated Institutions.

Tables No. 18 and 19 show the disbursements of the Contingent Funds of the Comptroller and the Treasury.

Table No. 20 shows the condition of the Tobacco Fund as required by Resolution No. 13, of the General Assembly of 1886.

An examination of the tables showing the condition of the Tobacco Fund in the last three or four reports of the Comptroller, will prove to be interesting to the people of the State. The balance due the State on the Tobacco Warehouses is now being rapidly decreased by the largely increased revenues from rentals of two of the Tobacco Warehouses and Wharves, without detriment to the interest of the tobacco growers of the State. And if the present system is maintained, in a very few years the debt will be extinguished and the receipts from inspections and rentals will be a considerable revenue to the State.

Table No. 21 shows receipts and disbursements of the Commissioners of Fisheries.

Statements A, B, C, D and E, of Part II. of the Appendix, to this report, contains the returns of emoluments of the various officers therein reported.

The Act of 1894, Chapter 329, provides that "in the month of October in the year 1895, and in every second year thereafter, the Treasurer of every Savings Bank or Savings Institution in the State of Maryland shall deliver to the Comptroller a written statement, sworn to by him or the President of such Savings Bank, containing the name and amount standing to his or her credit of every depositor who shall not have made any deposit therein or withdrawn any money on their accounts for the period of twenty years next prior to the first day of the preceding September; provided, that this section shall not apply to the deposit made by any person known to the said Treasurer to be living. The Comptroller shall communicate the statement which shall be so delivered to him to the General Assembly in his next report."

Several Savings Banks have complied with the requirements of the statute, and an examination of Statement "F" will show in detail the names of the Savings Banks, the names of depositors and the amount to his or her credit. If the General Assembly will make provision for general publicity of the names of depositors and the amounts of money to their credit in these several banks, I am confident a very considerable part of this money will be demanded by the depositors or their heirs or legal representatives. I would respectfully recommend that the General Assembly provide by law for the reverting or forfeiting, after a period of two years, to the State of all sums not demanded by depositors or their representatives.

The aggregate amount reported is very considerable, one bank having more than sixty thousand dollars. Providing for a reversion or forfeiture of this money to the State is not without precedent. Many of the States have such laws, and it could not be successfully contended to be a hardship on these banks, for already they have had the use of these sums for more than twenty years.

The State, rather than the banks, should be the beneficiary of these sums of money.

The very gratifying exhibit which I make of the financial affairs of our State is in a very large measure due to the sound discretion and financial ability of my associate in the Treas-

ury Department, as well as to the efficiency and promptness of the several clerks in the Comptroller's and Treasurer's Office, whose efforts for the promotion of the welfare of the State can be safely relied on.

In conclusion, permit me to say that if I have fulfilled the promise made when I was about to enter upon the discharge of the duties of this important office, and the service rendered has been equal to what the people had a right to demand, then I am content ; for I am conscious that my sole effort has been to serve the best interest of the people of our State with fidelity and devotion.

Respectfully submitted,

MARION DEKALB SMITH,

COMPTROLLER.
